INTRODUCTION.

In preparing and presenting the Second Volume of "Noted Maine Horses" I have had abundant assurance in the repeated calls for such a work during the past five years, that I am meeting, to use a stereotyped phrase, a "long felt want." How well the following pages supply that want, I leave my readers to judge. I have made no pretence of bringing forward all valuable information contained in the first volume, but have only brought forward animals with records of 2.30 or better, and those there recorded who have since become distinguished either by their own performances, or as sires or dams of performers. I am aware that criticism awaits me, and do not pretend there are no errors, but all such will be promptly corrected should another edition be called for, notice of such errors having been received. In the case of the Drew Horse, there is a claim made that he was got by a son of the imported horse Buzzard; and I will say that some of the circumstances point to such a conclusion, but so long as there is no definite and positive information on the subject, I prefer not to deal in possibilities, but give the pedigree the same as formerly. In two or three instances errors have crept in, for instance, Dora M., page 80, is 16 hands high, and the types made me say 15 hands. Paystreak was foaled in 1876, although my first information gave his age as foaled in 1878. After this

was printed we learned that he was foaled in 1876. These, however, are minor errors, and if there are none discovered of a more serious nature I shall be well pleased. I have made no attempt to follow all the changes in ownership; as full a description as practicable, with age and name of breeder, and the names of owners sufficient to properly identify the animal in question, I have considered sufficient, and space is too valuable to be used up with useless matter. Some of the animals have lowered their records since the forms giving their pedigrees went to press; for instance, Cushnoc, page 76, had no record when his pedigree was printed, while at the Maine State Fair of 1886, at Lewiston, Sept. 14th, he won a heat in the race of Green Horses, with a record of 2.34½. I have used others, however, as well as I have myself, for in the case of my own filly Louviska, page 159; she had no record when her pedigree was printed, but Sept. 30th, at the Oxford County Fair, I gave her a three-year-old record of 2.51¾. So my friends will see that no partiality has been used. I believe the Maine 2.30 list to be very nearly perfect, much more so than any previous one ever published. I regret that I have been unable to learn the full pedigree and breeder of the black mare Peaceful, 2.26. She is generally credited to Gen. Knox, but I am no ways certain that such is her breeding. The black mare Black Bess, which made a record of 2.30 in 1885, is said to be by St. Elmo, son of Gen. Knox. I have corresponded with parties living in the vicinity where St. Elmo was owned, even including his owner, and have been unable to learn that there was such a mare. The bay gelding John Morrill, 2.29, by Winthrop Morrill, I have been informed was foaled in New Hampshire, his dam having been brought to Maine to be bred. I have also been told that he was bred in Maine and taken to New Hampshire as a yearling or two year old. If any one can tell me the facts of the case I shall feel greatly obliged. It is said that the gray

pacing gelding Comet, record 2.22, was bred in Maine,and got by Dirigo, but I have no certain knowledge that such is the fact. The black mare Kitty Y., record 2.31½, is said to be by Royal Knox, and bred in Maine, but I have been unable to trace her fully. Alpha, 2.29¾ is claimed to be by Whalebone Knox, but I have only lately learned the fact and have not had time to investigate the matter fully. In the case of the brown horse Transcendent, since his pedigree was put in type I have learned that his dam is by Dirigo. Old Abe, the sire of Aroostook Boy, we learn was not by the Old Drew Horse, but by a son. Should another edition of this work be called for, all errors and omissions will be corrected as far as we are able to correct them.

Since the pedigree of Dirigo was printed we have learned that he was foaled in 1854, the property of John Hagen, Prospect, Me., and first called Hiram. In 1857, when three years old he was sold to Andrew Mudgett of Belfast, Me., and named Geo. B. McClellan, then sold to Horace McKenney of Monroe, and name changed to Dirigo. McKenny sold him to Capt. Sanford of Bangor, he to David Quimby of Corinna, and he to Judson Higgins of Palmyra.

In conclusion we must express our indebtedness to Wallace and Chester, whose indispensable works have been a great convenience to us in looking up the standard numbers and records of horses. And to all our friends who have aided us in the compilation of this work, we return our sincere and hearty thanks for their co-operation and generous words of encouragement.

NOTED MAINE HORSES.

HEADS OF FAMILIES.

BRANDYWINES AND OTHER CANADIANS.

In the second volume of Wallace's Trotting Register, published in 1874, the author, in speaking of that section of Canada, from whence came St. Lawrence, Columbus, and many other noted sires, uses the following language: "There is no little interest attaching to that region, and if ever sufficient leisure is afforded, I shall seek to explore it." Leisure has never been found, and the mysteries of that Utopian country still remain unsolved.

Maine, as a breeding State, is largely indebted to Canada, as several animals, whose performances have entitled them to an honorable place in the 2.30 list, have descended from Canadian sires.

Perhaps the most prominent sire brought into the State from that region, and the only one which, from the number and quality of his descendants, is entitled to the distinction of being the founder of a family is Brandywine.

BRANDYWINE.—A dark bay stallion with black points, about 15½ hands high. He was brought to Maine in 1853, by Aaron Cobb, of Hebron, who owned him until he (Brandywine) died a year or two afterwards.

He was known while he lived, and is now designated as Cobb's Brandywine. He had the appearance of being a well-bred horse, had fine trotting action, and was fast. He came from that mysterious region "thirty or forty miles below Montreal," and his excellence as a sire, his great speed, and his early death, led to the importation of two of his sons, as follows:

YOUNG BRANDYWINE.—Mahogany bay stallion, 14 hands high, and weighed about 800 pounds. He was bought in the city of Montreal in Feb. 1856, and brought to Maine by Henry A. Young, of Hartford. He was an exceedingly stylish little horse, with fine trotting action, and considerable speed, although from his diminutive size, he was not regarded as a first class sire. Among his get there appear in the 2.30 list, the following:

Gray Bill g g by Young Brandywine.
Dam by State of Maine. 2.30.

Careless Boy b g by Young Brandywine.
Dam of Morgan descent. 2.28.

Besides the above he got Gladiator, a bay gelding, possessing speed equal to either of the above, but he went wrong, after scoring a record in the thirties.

The descendants of Young Brandywine are noted for iron constitutions, are almost universally sound and free from blemishes, and although like their sire, generally of diminutive size, are a class of horses that possess any amount of business qualities. Among his descendants is a grandson owned by L. L. Lorillard, of New York City. He is a dark brown gelding and is said to be a very speedy roadster.

KEENE'S BRANDYWINE.—This son of Cobb's Brandywine was brought to Maine from Canada in 1858, by William Keene, of Mechanic Falls. He was a black stallion and was a trotter himself and a sire of trotters. The only one of his get in the 2.30 list is

Ned Forrest, blk g by Keene's Brandywine, record, 2.28¼.

Among the other descendants of Cobb's Brandywine in the 2.30 list we find the following:

Arthur, b g by Lexington, son of Brandywine, record, 2.28¼.

Belle Smith ch m by the Bearce Horse, he by the Horner Horse, by Brandywine, record 2.29.

This list of five embraces all the descendants of Brandywine which have records of 2.30 or better. Among the others are many fine animals whose names have not been mentioned. Perhaps the most prominent is the stallion known as Fowler's Brandy.

Fowler's Brandy.—Dark bay, with black points, foaled in 1855 and bred in Hebron, Me., got by Cobb's Brandywine. Fowler's Brandy was the sire of several noted animals, among them Lady Damon, out of a mare by the Hunton Horse, son of Bush Messenger. Lady Damon was a brown mare, foaled in 1863, bred by John Damon, Buckfield, Me., and was very fast. The writer has seen her trot several fast races on the ice while owned in this State. She was sold in 1871, and finally passed into the hands of Mr. Robert Bonner, of New York City, and was bred to his horse, Edward Everett. In May, 1874, she foaled the ch g Decoration, and in 1875, the bay colt Ellsworth. Soon after giving birth to Ellsworth, Lady Damon died, and he was brought up on a bottle.

The brown stallion Brandywine, owned for several years by the Rev. W. H. H. Murray, of Boston, and a noted winner of prizes and premiums at Fairs, was a son of Fowler's Brandy. Murray's Brandywine was rated as capable of trotting in 2.25 or better.

Crawford Horse.—The Crawford Horse, by virtue of having three descendants in the 2.30 list, is entitled to a prominent place in this article. He was a chestnut horse and was brought to Maine from Canada by Mr. Crawford,

of Skowhegan. Of his descendants, the following have honorable positions in the 2.30 list.

W. H. Taylor, ch g by Crawford Horse.
Dam by Witherell, record, 2.29¾

Lew. Pettee, b g by Benson Horse,
son of Crawford Horse, record 2.29

Startle, blk h by Andrews Horse,
son of Crawford Horse, record 2.26½.

WHIRLWIND was a bay stallion with black mane and tail, and could both pace and trot fast. He was brought to Me., from Canada in 1852, by G. A. Hastings, of Bethel. He is known as the sire of

Bay Whalebone b g record 2.26¼.

Among the other Canadians which have left valuable stock in the State is the gray stallion Indian Chief. This horse was brought to Maine by S. L. Gale of Augusta, in 1831, and all that is known of his breeding is contained in his advertisement of that year, of which the following is a copy:

INDIAN CHIEF.

Is a horse of more power and speed than any other in the New England States. He was raised and sold three years since by Vantassel, a chief of the Upper Canada tribe, to a company in the County of Columbia, State of New York, where he has been matched against time and won a number of large bets. He has been let to mares and left the most powerful colts ever known from any other horse in that section. The subscriber was induced to purchase him for the improvement of the stock in Maine, and now offers the use of him at the low price of six dollars for the season. The public are requested to call at the stable of the subscriber and examine this uncommon animal, where also will stand the well known horse DUROC. Terms as usual—$6 season—$5 single service

DREW HORSE, 114.

Among the noted horses of the past, who by their services in the stud, have contributed their share towards placing the State of Maine in the front ranks as a horse-breeding State, the Old Drew Horse occupies a prominent position. And, as a tribute to his memory, I deem it fitting that he should receive this slight recognition of his valuable services in this direction. He was a dark brown-bay stallion, with black points, 15¾ hands high, and weighed, in good condition, about 1000 pounds. He was of genteel form and fine style and action; but, like all our older horses, was untrained to trot. His appearance has been described as follows, by one who saw him shortly before his death: "Shoulders extremely high, broad and deep; neck light at the head, well arched and deep at the body; face a little rounding, eyes not very prominent, ears good length and well cut; body small, loins a trifle arched, hips very long and beautifully turned; limbs large, pasterns long, feet high, black and nice; mane spare, tail in waves, and hair short and fine all over his body."

He was foaled in May, 1842, bred by Hiram Drew, then of Exeter, Me., and dropped on his father's farm, where he then lived. His sire was a three-year-old bay colt, 16 hands high, said to be thoroughbred. Said colt was brought from New Brunswick to Maine, by A. G. Hunt, Esq., then of Exeter. His dam was said to have been brought from England, in foal by a thoroughbred running-horse, and this colt being the produce. At Exeter, Mr. Hunt turned him into his pasture, which joined Mr. Drew's,

from which he was taken several times. Here, in Mr. Drew's pasture, he sired the colt afterward known as the Drew Horse, which is probably the only colt he ever got, as Mr. Hunt had him castrated shortly after and sold him.

The dam of the Drew Horse was a bay mare, about 15½ hands high, foaled about the year 1836, bred by Mark Pease, of Jackson, Me., got by a horse called Sir Henry, he by a son of American Eclipse, taken from Connecticut to Maine by a Dr. Brewster, now dead. In 1843, the mare was taken to Massachusetts, and sold to the late Gen. F. W. Lander; she was first known as Grace Darling, and afterward as Boston Girl, under which name she was said to have obtained a record of 2.37. After several transfers, she was sent up into Vermont, on a breeding farm, where she died without produce. The grandam of the Drew Horse was Lady Jane, by Winthrop Messenger.

As I have before intimated, the Drew Horse, or, as he is now universally designated, "*Old Drew*," was untrained to trot; his reputation having been all earned in the stud. Of his immediate descendants, only two appear in the 2.30 list, as follows:

Gen. McClellan.....2.26
Dirigo.....2.29

Gen. McClellan afterward obtained quite a reputation on the turf. Among his performances he beat Fearnaught, a race to wagons, in straight heats, over the old Riverside Park, Boston, in 1865. In 1866 he won a double-team race with Dashaway, beating Ethan Allen and Honest Allen. He was subsequently purchased and taken to California by M. J. Lewis, Esq. Here he won a race at Sacramento, after which time he was in the stud at San Francisco, Stockton, Oakland, and other places in that State. None of his get are in the 2.30 list. He is now dead.

Dirigo is said to resemble his sire more nearly in style, color, etc., than any son of Old Drew. At the time he made his record of 2.29, in a race at Belfast, Me., he was

known as Geo. B. McClellan. He never afterward started in a race; but was retired for service in the stud. Here he has been a success, as the following are to his credit in the 2.30 list.

Little Fred.....2.26¾
John Virgin.....2.29
Bully Brooks.....2.28
Camors, b g.....2.25¼

Besides the above, he is sire of Black Walnut, 2.30¼; Hard Road, 2.33; and many other fast and stylish horses, with and without records.

Among the other prominent sons of Old Drew, may be mentioned, Hiram Drew, record 2.31½; Winthrop, now standing for service in California, John Bright, Ned Davis, Independence, Garibaldi, Bachelder Horse, and many others too numerous to mention. Hiram Drew (not to be confounded with his sire the Drew Horse), achieved considerable reputation as a sire. Among other good ones, he got Red Jacket, 2.31; and Lady Bach, the dam of Beausire, son of Rysdyk's Hambletonian. This mare is better known in Maine as the Seavey Mare, and is famous as a brood-mare, never dropping any but good ones. Her daughter, Echo, by Gen. Knox, at six years old, showed a trial in 2.26, she is also the dam of Gen. Sherman, by Gen. Knox, and of Violet and Pequawket, by Gideon all of which could trot in the twenties. It will be remembered that Beausire sold at the great Kellogg sale, in April 1878, for $5,150 under the hammer. The daughters of the Drew Horse have an honorable position as dams of trotters, in the list of horses that have trotted in 2.20 or better, we find Midnight, blk g by Peacemaker, dam by Old Drew, 2.18¼, and again in the 2.30 list, we find Volunteer Maid, 2.27, and Minnie Moulton, 2.27¼. He was also the sire of the black mare Stella, the mate to Alice Gray, in the great double-team race against Lantern and Whalebone, on the Union Course, Long Island, in 1855. In 1866,

Stella produced the fine horse Robert R. Morris, by Independent, son of Hambletonian. Among the other daughters of the Drew Horse, noted as brood-mares may be found Mary Drew, owned in Brooklyn, and bred to Peacemaker. Dot, owned in Brooklyn, and bred to Norwood, Gipsey Queen, &c. In the next generation we find Joe Hooker, Gen. Burnside, Penobscot Chief, Gen. Lyon, Von Moltke, Prince Hal, Aroostook Boy, which have upheld the family reputation both as sires and trotters. Among the mares and geldings with records, are Contraband, Eastern Queen, Lady Warren, Gentle Annie, Forest Girl, Bayard, Detective, Georgie B., Cloudman, Johnny Schmoker, Deceitful, Maine Girl and many others. The Drew Horse lived to be twenty-four years old, when he was found in his stall one morning, with his leg broken, and had to be destroyed; and then passed away one of the most remarkable sires, considering his opportunities, that ever stood in Maine.

EATON HORSE, 122.

The "Eaton Horse" was a sorrel stallion with mane and tail the same color, a horse of immense size and substance, standing 16¼ hands high, and weighing in good flesh 1450 pounds. He was foaled in 1842, and hence the same age as the Drew horse, and one year older than Rising Sun. He was bred by Thomas Pelton, of Anson, Me., near Madison Bridge, got by the Avery horse, and his dam, the Pelton mare, (so called), by Winthrop Messenger.

Pelton sold him when two years old to E. D. Robinson, of Wilton, and he to Eliab L. Eaton, who owned him several years and from whom he took his name. Eaton sold him in 1854, to William Beals, of Winthrop, who kept him for three years, and then sold him to Fanning & Allen, of Nashville, Tenn., to which place he was taken in April, 1857. Up to March, 1878, nothing was known in Maine, concerning the subsequent history of the Eaton Horse, but in *Wallace's Monthly* for the above date, Mr. A. J. McKimmin, of Nashville, says that "the Eaton Horse was kept in Nashville but one season, where he was not appreciated, and he was taken from thence of Hopkinsville, Ky." He further says that "he left several good horses in Nashville two or three of which made trotters."

The name of the Eaton Horse appears but once as a sire in the 2.30 list, as follows:

Grey Stranger, gr g by the Eaton Horse.....2.30.

Among his descendants are two more in the 2.30 list which trace in the direct male line to the Eaton Horse.

Shepherd Knapp, Jr. b g by Shepherd F. Knapp, son of Eaton Horse 2.27¾

Grateful, ch g by Brown Horse, he by Sandy River Horse, son of Eaton Horse 2.28½

Among his entire sons are Shepherd F. Knapp, Beals Horse, Mount Vernon, taken to Philadelphia, Kennebec Messenger, Sandy River horse, or as he was perhaps better known, "Sandy River Trotter," Bennett Horse, who founded a family of considerable local repute; Red Cloud, Oaks Horse, Roman Eaton, Black Morgan, and many more. The most prominent of the above, perhaps, is the chestnut stallion Shepherd F. Knapp, that went to England. He (Knapp) was bred by George Snell of Turner, Me., got by the Eaton Horse, and his dam by Whalebone known by many as the Clark horse, and he by Sherman, son of Justin Morgan. Knapp was owned from a weanling to a three-year-old in Buckfield, adjoining Turner, and was regarded as an exceedingly promising colt, and there was talk of forming a stock company, to buy and retain him for stock purposes. The Eaton and Whalebone families were popular at that time, but the project fell through, and he was sold and taken to New York, and afterward to England. As a three-year-old he got Shepherd Knapp, Jr., 2.27¾, and the sorrel mare Caoutchouc 2.35¼, out of less than a dozen, which proves that he would have been a successful sire here, whatever he may have been in England. Knapp was a trotter himself and won a race of two miles and a half, near Paris, France, in 1865, the time being 6 minutes, 14 seconds, a trifle better than 2.30 to the mile.

The daughters of the Eaton Horse were famous breeders, and have produced the following, with records inside of 2.30:

Lothair, blk h by Gilbreth Knox, dam by Eaton Horse

..... 2.29½

Sam Curtis, b g by Winthrop Morrill, dam by Eaton horse..... .....2.28

J. G. Morrill ch g by Winthrop Morrill dam by the Eaton horse.....2.29

Beside the above there descended from the Eaton Horse, Daniel Boone, What Is It, Village Maid, Troublesome, Copper Bottom and many other fast and useful animals.

GEN. KNOX, 140.

In publishing the history of Gen. Knox, we find that his life has been so much a matter of record, and so many writers have preceded us, that our duty is little more than to compile and arrange the data at hand. In August, 1870, Col. Lang, who then owned the horse, in reply to repeated calls for information concerning him, published a history of the horse, while owned by him, in the *Maine Farmer*. From this article we extract the following, which may be relied upon as a truthful statement of his career while owned in Maine:

"I purchased Gen. Knox of Messrs. Denny & Bush, whose breeding establishment was near the east shore of Lake Champlain, in the town of Shoreham, Vt. The purchase was made in January, 1859. Knox was then three years old, and was called Slasher by his owners; he was dropped, as I was informed, in Ticonderoga, New York. At the same time, I purchased and brought to Maine the stallion Son of Ethan, by Ethan Allen, and Bucephalus, by old Black Hawk,—dam of Bucephalus, the celebrated mare Mary Taylor, she by Boliver, a thoroughbred horse —Mary Taylor's dam by Abdallah. I mention Bucephalus' pedigree thus, as it may interest some breeders in Penobscot County. A few days after the purchase of Gen. Knox, I purchased the stallion Black Hawk Telegraph, of W. G. Baldwin, of Ticonderoga, N. Y., at the same time the stallion Grey Fox, by Ethan Allen, and the well bred mare Priscilla. Black Hawk Telegraph, after serving in the stud two seasons at Vassalboro', was sold with Grey

Fox and Priscilla, May, 1861, to R. S. Denny, Esq., of Clappville, Mass. Telegraph was burnt in the great fire at Riverside track. Gen. Knox and Son of Ethan, I retained in service. I also bought the stallion Sharon, by old Witherell, he by Winthrop Messenger, he by imp. Messenger. Sharon was sold to Wm. H. Ladd, Esq., President of the Ohio Agricultural Society. Subsequently I bought the stallion Ned Davis, by Old Drew; also, the stallion Trenton, by Geo. M. Patchen—dam of Trenton, a thoroughbred mare. Trenton was bred upon the Bonaparte estate, New Jersey.

The horse Trenton served three years in the stud, one in Vassalboro' and two in the town of Athens, in the care of Mr. Brice Palmer, when he was removed from the stud on account of his vicious habits. Later I purchased the stallion known as the Palmer Horse by Old Drew. This horse stood for service one season in Maine, then was sold in Massachusetts. It may not be amiss to name the gelding Cloudman, as I am often asked his pedigree. Cloudman was by Hiram Drew, out of a mare supposed to be of Messenger blood. He was a remarkably finely developed horse, and should have been kept a stallion—trotted in 2.30 to a one hundred and thirty-eight pound wagon, in less than one month's training. Subsequently trotted a mile in 2.22 and a half in 1.06.

I next bought of Alden Goldsmith, Esq., the proprietor of the Hambletonian stallion Volunteer, the grey stallion Gideon, by Rysdyk's Hambletonian, he by Abdallah, by Mambrino, by imp. Messenger. Dam of Gideon was a half-sister to Lady Suffolk, by thoroughbred Engineer, he by Engineer, and he by imp. Messenger. Gideon is now owned by Foster S. Palmer, Esq. This horse, for which I paid $2,500 at four years old, I consider one of the best descended horses ever brought to Maine, since old Messenger's time, and confidently believe that time will satisfy breeders of the value of this infusion of this branch of

approved blood among our Drew, Messenger and Morgan stock. To return to Gen. Knox, who represents one branch of the Messenger and Morgan blood, will describe as follows: Black with brownish stifles, flanks and nose, star in the forehead and strip of white on the upper lip and nose, is 15½ hands high and weighs 1050 lbs. in fair condition, ample mane and tail, small, well-formed ears, broad head between the eyes, tapering to a thin, well-defined nose, rather thick neck, excellent fore-leg well under the body, hind leg quite remarkable for development of hock muscle—which he transmits to many of his colts—hock and knee joints well defined. The feet are perfect, the shell of unusual thickness and toughness, the body round and compact, the back is short, and the loin as strong as can be found. In speaking of these qualifications, I cheerfully invite the readers to criticise my description whenever they may see the horse. I may add that in all his sweating and working, he has never shown the first symptom of scratches or foul blood, has never cut a hair upon his fore feet in trotting or breaking. His temper is always good, always cheerful and full of spirits and ambition, and never nervous at the most exciting sights and noises. Strike him in anger or abruptly, and it must be a strong man to hold him even when tired with trotting, yet entirely under control of the voice—attaches himself readily to those who pet him, and when away from home on the cars or boat, lies down to rest readily if his groom lies down near him. While speaking of his intelligence, I will refer to the occasion of his coming in collision while at speed upon the Waterville grounds, for the gratification of the crowd. He was run into and his driver thrown out by parties going in an opposite direction. By this accident Knox suffered seriously, having his breast and the space between his fore-legs cut open nearly twenty inches long, and the skin entirely taken off a space one foot square, and the muscle lacerated shockingly, yet in the

presence of a large crowd, he, perfectly conscious of his injury, allowed himself to be sewed up without halter or a strap upon him, or moving from his tracks.

Knox trotted for the first time in public at Augusta, at the State Agricultural Show in 1859, beating the horse Brandy, in 2.54; both colts were four years old. His next public work was a few days after this first race, when he trotted for the first stallion purse, of any age, of the North Kennebec Agricultural Society at Waterville, which he won. His next appearance upon the track was in June, 1860, when five years old, when he trotted to show his gait—being then in service at Augusta—in 2.41. But not getting any business in the stud, he returned to Vassalboro', and on the 3d of July went to Skowhegan, and on the next day, July 4th, trotted against the Drew stallion Penobscot Boy. Knox lost the first heat in 2.52, having broken his martingal ring, and could not be held. The next heat Knox won in 2.40½ without a break. Third heat Penobscot Boy was drawn. His next public trial was against Lewiston Boy and Kettle-bail, at the Maine State Agricultural Show at Augusta. Kettle-bail lost a shoe in first heat and was drawn. Knox won the first and second heats. In the third heat, which was also given to Knox by the judges, Knox ran badly, Mr. Palmer not being able to hold him. I publicly declined to accept the race unless fairly won, and preferred to try another heat. Knox having a change of bit, was in hand and won the 4th heat. This race was in the rain, and the track very muddy—time 2.44. On the next day Knox was entered to make a field with Hiram Drew—no other stallion having entered. Knox was drawn after the first heat, not being able to compete with so fast a horse. The next year, being notified early that a horse fair would be holden in Bangor, I prepared my stock to show at that time, but when the bills came out, my horses were barred out on account of being foaled out of the State. I wrote to a manager desiring to

be allowed to compete, as my horses expected to stand at service in Maine, as they had been doing, but was notified that it was too late to change the programme.

Knox had been trotting quite well, in his work showing 2.30 and under quite readily. The next year, being seven years old, Knox was drawn early from his services in the stud, to be prepared to meet the Drew stallion Gen. McClellan, then owned by G. M. Robinson, Esq., of Augusta, Mr. Robinson having by letter expressed his desire to bring the two horses together. Knox was fitted at the half-mile track at Skowhegan. He worked well in his private trials, showed 2.30, 2.28, and once 2.26. While at this track preparing to meet Gen. McClellan, Knox was entered to trot two races in one afternoon, one in the stallion purse with Penobscot Boy, his former competitor, and the other, in the sweepstakes with Henry Taylor's black gelding Lucknow. Penobscot Boy was drawn at the close of the second heat, and Lucknow at the close of the first heat, in their respective races. A few days later Knox entered in the sweepstakes of the Waterville Horse Association, expecting to meet Gen. McClellan. The day of the race, Mr. Robinson declined to enter McClellan, he having been beaten a few days before at the Maine State Agricultural Show at Portland, by Hiram Drew, and Hiram was now present, and had entered for the sweepstakes. Knox beat Hiram easily in three straight heats, without a break, best time 2.32. Knox was fitted for this race in twenty-two days from the services of the stud, having served one hundred and thirty-six different mares since April. This season, near a close, had shown me such qualifications in Knox, as made me desirous to draw him from the track altogether, that his services might be had in the stud without hindrances and publicly expressed that determination in the stand. However, during the next spring Knox was challenged to meet Hiram Drew in June, at Bangor. I declined for reasons

which were published, but offered as publicly to trot Knox against Hiram upon the Bangor track in September, without stakes, but for the Champion belt. This was declined.

The reason which induced me to give up my determination not to trot Knox again, was that I desired to satisfy the public that I did not withdraw him because he had beaten Hiram Drew, and I supposed that Mr. Shaw did not desire to try him again with Hiram. Had I held the champion belt, I should have expected to have complied with the requirements whenever called upon, as I do not doubt Mr. Shaw was ready to do, if called upon. However, I was now called upon by the Trustees of the New England Society, myself, being one of them, to rally the Maine horses to meet and compete for the honors of New England at the fair at Springfield. I did not assume to speak for Maine, but I did assume to let Knox fight for the honor of Maine in the absence of any better horse, against the chances of bringing him home crest-fallen. The result was Knox beat Draco and two other stallions who entered against him, without a skip, in 2.31¼, 2.37 and 2.34. Horsemen who were there well know that Knox was held in hand the last half of each heat, scarcely jogging to the score in the first heat, as I walked under the wire with my hand upon his saddle, and for several rods before he passed the wire on his fastest heat.

Knox had that season served since April, one hundred and twelve different mares, and left fifteen awaiting service when he left home for Springfield. In five days after leaving service, I had him tried at Waterville, (half-mile track). He trotted in 2.30 and repeated in 2.28. I started him for Springfield on Thursday morning, arrived there Sunday morning, trotted him Thursday, and came back to Boston same night, making in all twenty-one days from the time he was drawn from service until he had traveled upon cars and boat three days and nights without

rest, won his race and was bound home. I never saw him in such fine condition and spirits as while at Springfield, and after a close examination by the committee, he was awarded the first stock premium, as well as for speed. Whether the horse was looked upon by judges as a trotter the reader must judge, when I say that, at a public table, four prominent horsemen of New England publicly offered me $15,000, $20,000, $25,000 and $30,000 for him the evening after the race. If Knox was worth that for Massachusetts or New York, he was worth it for Maine, therefore I brought him home; and when I see such animals as the Gilbreth Knox, Gen. Logan, or the Littlefield Horse, Black Sultan, Gen. Sherman, Plato, Lexington, Col. Knox, Wyers Horse, Tom Knox, Skowhegan Boy, Lawrence Horse, Hoe's, Larkin's, T. S. Lang, Col. Lang, Nell Seavey, Sampson Mare, Watts Mare, Carr Mare, Sampson Horse, Means Mare, Sturgis Horse, Abbot Horse, not to name a large number lately sold at the highest average that any colts of any horse yet ever sold for in Maine, I repeat, when I see such animals among those of his first few years' service, I am not sorry he was brought back to Maine. Nor am I sorry that my neighbors and friends can share with me the value of this fine animal.

In the fall of 1865, there seemed to be a feeling on the part of the friends of the Drew stock to see McClellan (who had been making extraordinary time at Belfast and elsewhere) and Knox come together again. I therefore entered him in the sweepstakes at the fair of the Horse Association at Waterville, and left for Canada, my health having entirely given out. The day previous to the day for the sweepstakes trial, Mr. Palmer was thrown from his sulky, and badly injured, so as to be unable to drive. No other person ever drove him, and my friends were unwilling to take the responsibility to select a driver, therefore Knox was drawn, I then felt it was best to

withdraw Knox entirely from the track, feeling that the friends of the Drew stock having shown their readiness to meet Knox, could not complain at my decision. Knox has not trotted since, except in August, 1866, a few days before I left for Europe, fearing that I might never see the horse again, I requested Mr. Palmer to drive him a half mile over the usual exercise ground where he had been trained at speed. Although the horse was then in service, this was done in the presence of many spectators, without a break in the 1.12.

Since my departure for Europe in 1866, the horse has not been trotted in public. Although fitted partially in the fall of 1869 to try his speed at the New England Fair, at Portland, he was accidentally lamed by a stroke in his fore ankle, and unable to appear in a race. Since April of the present year his services have been called for each day, and will be an increase upon any year's service.

I have no desire in writing this history of Knox to place him in any false light before the public interested in horses, or to detract one atom from the great value and admiration due to the many splendid horses in the stud in Maine for ten years past or at present. Not one of them that does not possess traits which I wish I could add to the Knox and his good points. The good sense of the reader must see, that the good points united and fixed by coupling through several generations, will bring Maine out a winner.

This completes the history of Gen. Knox up to the close of the season of 1870. In 1871, Mr. Nodine, of New York, bought Gen. Knox for Mr. Smith, of the Fashion Stud Farm, Trenton, N. J., for the sum of ten thousand dollars. The horse was not purchased—so says a writer in *Wallace's Monthly*—for breeding purposes, but as a trotter. Mr. Nodine took him to Prospect Park in July, just before starting for Buffalo, where he was entered in the 2.30 class. After being there a short time, Mr. Smith

was sent for to take a mile and repeat. He could not go, so he sent James B. Bach and Mr. Salters to time him. The first mile was trotted in 2.25½ and repeated with perfect ease in 2.24. He then went to Buffalo, where the Association gave him the best stall on the track, a new one. He slipped on the fresh planking, wrenching one of his forward legs, and was unable to start in the race. In ten days he was well again, and received some further training.

In 1872 he stood in Westchester County, New York, and it was not until 1873 that he went to Fashion Farm, where he has ever since stood for service.

The pedigree of Gen. Knox has undergone several revisions, until, at present, it stands in *Wallace's American Trotting Register, Vol. 3*, as follows:

Gen. Knox, blk h foaled 1855; got by Vermont Hero, then known as the "Rockwood Colt," son of Sherman Black Hawk; dam by Searcher, son of Barney Henry; g d the Hunsden Mare, by Hill's Sir Charles, son of Duroc, and out of a mare by Plato. Bred by Daniel Heustis, Bridport, Vt.; sold with his dam, 1855, to Oliver Eldridge, and by him the colt alone was sold to D. A. Bennett, all of the same place; at three years old Bennet sold him to Denny & Bush, representing him to be by Sherman Black Hawk, and the same year he was purchased by Col. T. S. Lang, and taken to Maine, where he stood at the head of all New England stallions till 1872, when he was purchased at ten thousand dollars by his present owner, Henry N. Smith, Fashion Stud Farm, Trenton, N. J.

This result is reached after a thorough investigation of the subject, and we regard it as conclusive, as, aside from Mr. Wallace himself, the pedigrees in the 3rd Volume were subject to the approval of a board of censors, comprised of several of the most intelligent breeders of the country.

Mr. Helm, in his work entitled *American Roadsters and Trotting Horses*. says of Gen. Knox, "He spent nearly all of his days prior to 1872 in the State of Maine. A

lucky State to have held one such sire, for he has been a most remarkable one. We have produced no stallion in our day which can surpass him. At present his reputation as a sire is based upon what he did while owned in Maine."

Among the get of Gen. Knox are the following who have records of 2.30 or better; Lady Maud, 2.18¼; Camors, 2.19¾; Knox Boy, 2.23½; Peaceful, 2.26; Gilbreth Knox, 2.26¾; Emperor William, 2 27½; Harry Spanker, 2.30; Independence, 2.21¼; Victor, 2.23. Gen. Knox has ten sons that have sired 2.30 trotters, and is the sire of the dams of Bay, 2.27½; Cunard, 2.30; Geo. O., 2.24¼; and Tommy Norwood, 2.26¼.

Besides these he has an array of sons and daughters with records in the thirties, achieved on the slow half mile tracks of this State, that in any other State under favorable circumstances, would have placed him alongside of the most prominent sires in the country.

RISING SUN, 429.

As the 2.30 list contains the names of several animals who trace in the direct male line to this horse, Rising Sun, it has been thought by the writer that as a matter of history it might be valuable, and perhaps not wholly devoid of interest to the general reader as well, that the facts concerning this family of horses should be put on record. Rising Sun was a light, or yellowish bay stallion, with star in the forehead, and black mane and tail, 15½ hands high, and weighed about 1,000 lbs. He was foaled in 1843, bred by Eben Young, of Peru, Me. He was purchased when four months old by Messrs. G. & C. Hayford, of Canton, who kept him until the Fall after he was two years old, when he was purchased by Major Isaac Strickland, of Livermore, who in turn sold him when five years old to Gideon Ellis, Jr., of Canton.

He was finally sold to Grant and Milliken, of Farmingdale, and from thence taken to Massachusetts, but was afterward brought back to Waterville, from Waterville to Livermore, into Major Strickland's hands again, and was finally sold and died in Franklin county in 1867.

The sire of Rising Sun was a dark bay stallion, with heavy black mane and tail, and black legs, and weighed about 1,000 pounds. He was brought into Canton in January, 1842, from Meddybemps, near Calais, by a Mr. Griffeth, who said that he was owned by his father-in-law, a Mr. Gilman who was in the Legislature, and he (Griffeth) had taken the horse to winter. The pedigree of this horse (the sire of Rising Sun) was unknown, as also any-

thing concerning his history previous to his being brought to Canton, up to the time my history of Maine-bred horses appeared in 1874. Since that time I have received a communication from Caleb Gilman of Meddybemps, a son of the former owner of the Gilman Horse, as he was called, and it probably gives all that is known concerning him:

MEDDYBEMPS, June 5, 1876.

In your communication to the *Maine Farmer*, of the 27th, ult., in reference to the pedigree of Rising Sun, you make mention of his sire being a horse owned by a Mr. Gilman, and sold in Canton in 1842. Thinking a short history of this horse might be of interest to you, I made inquiry of the man who raised him, Mr. Robert Bridges of this town, and he made the following statement: "The sire of 'Major' (that was the name of the Gilman horse) was a colt that I bought of Abram Marks, of St. Stephen, N. B. He was by an English horse called Hunter, and out of a full blooded English mare, both owned by Marks and kept for running races. The dam of Major was a light bay mare, weighing about 1,000, and a splendid roadster. I purchased her from a man named Webster, a school-teacher from Durham, Me., who brought her into this country from Sandy River. I know nothing of her pedigree, but she was a very valuable animal." This is Mr. Bridges' statement and can be relied upon. Major was one of the best styled horses that was ever in this country. I used when a boy to drive him some, and I never saw a horse on the road that had any business with him. My father purchased him when about three years old.

Very Respectfully, &c.,
Caleb Gilman.

The Dam of Rising Sun was a bay mare owned by Eben Young, of Peru, and in order to give all that is known concerning her blood it is necessary to digress a little. About fifty years ago Maj. Bennett Pompilly, of Turner, a noted horseman, when running horses were popular in this State, went to Long Island and brought home a white stallion which he called Young Duroc. This is the only pedigree that was ever given him in Maine.

From many circumstances it would seem that he may have been by Duroc, son of imp. Diomed. Duroc died in 1825 on Long Island, where he had been owned for many years, and this horse, Young Duroc, was brought to Maine in say, 1828 or 29, a fact which leaves nothing antagonistic in the way of dates.

Again, like the get of Duroc, he was a fast running horse, and will be well remembered even now by many who saw him run fifty years ago on the plains at Turner, Westbrook, Norridgewock and other points throughout the State. As a sire, I have heard many men say that his get were greatly inclined to imperfect limbs, showing marked tendency to curb, ringbone and spavin. This was eminently characteristic of the get of Duroc himself. But theorize as we may, his pedigree must always remain as it is at present, unknown. This horse was the sire of the Eben Young mare that produced Rising Sun. As a trotter Rising Sun was untrained, he was a roadster of great courage, a fast walker, but when urged to his fastest was inclined to single-foot. It is the opinion now of those best qualified to judge, who knew him best, that with the present skillful methods of training, combined with a judicious use of toe-weights, he might have earned a record unsurpassed by any of his descendants.

As a sire of 2.30 horses Rising Sun appears but once, in connection with that of his son, Nabocklish, the Never Mind of Simpson's "Horse Portraiture," as follows:

Nabocklish, blk g, by Rising Sun.....2.29¼

It seems as though the owners of the descendants of Rising Sun had a marked partiality for the name of Emperor, as two Emperors appear in the 2.30 list as follows:

Emperor, b g by Rollins Horse, son of Rising Sun....2.30
Emperor, blk h by Newman Horse, son of Rollins Horse, by Rising Sun.....2.29¼

Besides the above we have:—

Tammany, gr g by son of Rising Sun.....

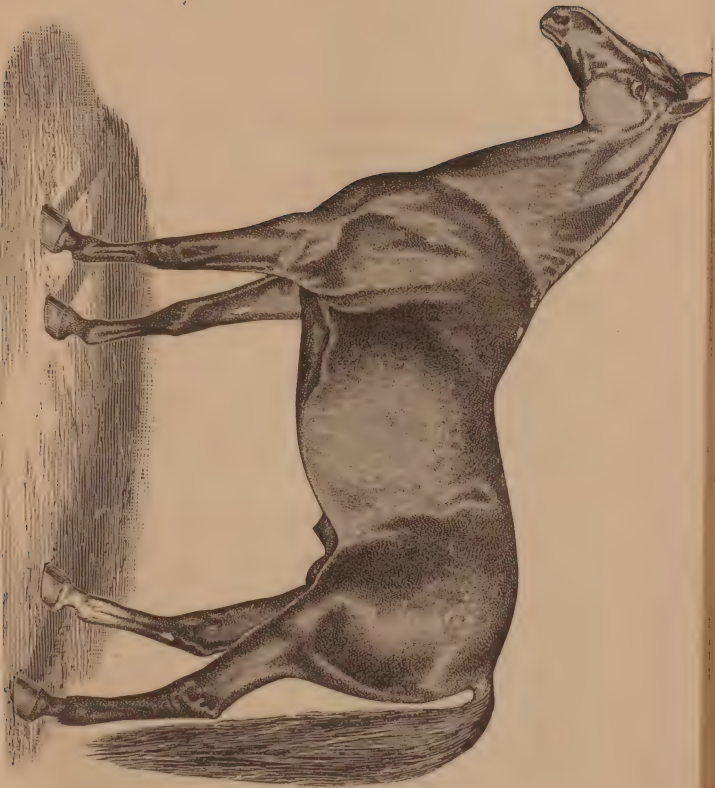
The above list completes the history of the Rising Sun family, as represented in the 2.30 list up to date. Besides the above we have Carthage Boy, 2.32½, Lady Fairfield, Lady Berry and many others with records in the thirties, also Lady Balch and Lady Childs, noted brood mares. It may be well, perhaps, to state that this horse Major, *alias* the Gilman Horse, lived to make only one season at Canton, as he died in March, 1843, the property of G. & C. Hayford, who purchased him the first winter he was kept there. They called him Rising Sun, and he is now called by the old inhabitants the Old, First, or Original Rising Sun, to distinguish from his son, who is known by horsemen and fanciers everywhere as the Rising Sun, the founder of the family.

WINTHROP MORRILL, 373.

Winthrop Morrill has been well described by one who knew him well, as follows:

"Bright bay horse with dark points, star, off hind ankle white; full mane and tail; height about 15½ hands; weight, 1,000 pounds; head, after the Morgan type, clean and intelligent; neck, thin, long, blood-like, and carried in good style. Shoulders sloping and strong; chest deep; back stout and beautiful in contour from withers to haunches; barrel, round and well ribbed back; tail finely set on and well carried; limbs rather light in bone, but well muscled; hind pasterns very straight; upper bone of the forearm let down low to the knee; cannon-bone short; feet blue, tough and excellent. Foaled, 1855.

Placed in training when from three to four years old, he devoloped wonderful speed as a trotter, and was entered in a race at Providence, R. I. Too severe work for a youngster caused him to suddenly shift from a trot to a pace. Repeated attempts failing to correct the evil he was traded to a jockey and went to Maine, where he passed from one to another at a mere pittance in price, finally bringing up in a peddler's cart. While in this menial capacity, he sired the chestnut gelding Fleetwood, record, 2.29. Purchased by Geo. C. Goodale, then of Winthrop, Me., for ninety dollars, he was used for general farm work for a season and finally sold to Messrs. Charles G. Jackson and Jos. G. Rounds, and went into the stud at Winthrop. In Mr. Goodale's possession he



WINTHROP MORRILL. 373.

was driven a carefully measured mile on Winthrop pond, two men to a sleigh, without a break in 2.32, the last quarter in the remarkable time of 33 seconds or a 2.12 gait, and was not up to his speed until the half mile was passed. He paced at that time, but next season shifted, and has been a square trotter since. His success in the stud, always with common hard-worked farmer's mares (Gen. Knox and Drew always taking the best) is a matter of public record. At the close of the season of 1877 he stood number five on the list of sires of horses trotting in 2.30 or better. Said list including all which have trotted in that time since the first record in this country, viz: Hambletonian, 27 representatives; Volunteer, 16 representatives; Blue Bull, 10 representatives; Daniel Lambert, 9 representatives; Winthrop Morrill, 7 representatives.

His get are uniformly of great courage, excellent trotting action, and have an appearance of higher breeding than would be expected from his ancestry.

Mr. H. T. Helm, in his work entitled "*American Roadsters and Trotting Horses*," has the following concerning Winthrop Morrill.

"This is one of the most successful stallions of the Morgan family, and the only one that can be claimed to be a real Morgan. He was foaled in 1855, is a bay horse, by Young Morrill, his dam by the Huckins Horse, son of Royal Morgan, called also Morgan Rattler; his next dam by Morgan Eagle and the next by Bulrush. He has two crosses of Messenger, one of Duroc; the one line to the Vance Horse through old Morrill, and the dam of Morgan Eagle being by Callender, son of American Eclipse. But it is a matter of frequent occurrenee that one or two crosses of Messenger blood in connection with genuine road elements, will after awhile develop and produce a trotter and a trotting sire.

Such was the case with Rhode Island, and such un-

doubtedly was the case with Golddust. The blood of Messenger received such modification by the road elements found in these Morgan strains as to give it the true character of trotting blood, and to eliminate all racing inclination from it. The germ once planted would come out, and the result in Winthrop Morrill, is a trottting sire of remarkable success. He stands side by side with Knox and Lambert, but is more nearly a Morgan than either of them."

The following is the pedigree of Winthrop Morrill, as it appears in the American Trotting Register, Vol. 2, published in 1874:

WINTHROP MORRILL (late SLASHER), b. h., foaled 1855; got by Young Morrill (Perkins'); dam by the Huckins Horse, son of Royal Morgan,—known as the Crane Horse, Steele Horse, and Morgan Rattler; g. d. by Morgan Eagle; g. g. d. by Bulrush; g. g. g. d. by old Carson, son of Quicksilver. Bred by Rodney Bradford, Barre, Vt.; sold, before three years old, to Mr. Town, and kept under the name of Slasher, till 1860, when he was sold to Leonard T. Tucker; in June, 1861, to H. B. Varrill, Laconia, N. H.; passed through two or three hands to David Blanchard, Boston; sold to Mr. Savage, Waterville, Me.; then, in 1863, to Mr. Garland of Skowhegan; in 1864, to Chas. J. Jackson of Winthrop, who gave him his present name; now owned by T. B. Williams, Boston, Mass.

Winthrop Morrill was afterwards sold to John F. Mills of Boston and returned to Maine and stood several seasons in Hartland, was finally purchased by B. F. Fairbanks of Winthrop, where the horse finally died. He has to his credit nine in the 2.30 list. Honest Harry, 2.22½, Ben Morrill, 2.27, Ed. Getchell, 2.27, Glengarry, 2.27, Sam Curtis, 2.28, John Morrill, 2.28¾, J. G. Morrill, 2.29, Fleetwood, 2.29 and Baby Boy 2.30; with a sufficient number between 2.40 and 2.30, to make a remarkable

showing as a sire of speed, considering the fact that he commenced his stud career six years after Gen. Knox, and under the most adverse circumstances, standing for a service fee of five dollars, securing the very poorest class of mares until, by the force of his own merit, he won a place of honor and distinction. Like Gen. Knox, he would doubtless have added several to the number with records of 2.30, had he remained in Maine, for, like him, the years he has spent out of the State are a blank. What may yet result from these years of stud service, of course no one can foretell; but it seems a strange coincidence that, as the result of the last year's service in Maine, each produced some that have, and several that can beat 2.30, while we do not recall one with a record that either sired after leaving Maine.

NOTED MAINE HORSES.

BRIDGHAM HORSE.

Bridgham horse or Young Indian Chief, for Mr. Bridgham, who formerly owned him, assures us that he was always known and advertised by that name, was a large showy horse weighing in good condition thirteen hundred pounds. He was a powerful horse with an open slashing gait and fine knee action, and could trot fast for the times.

He was a flea-bitten gray in color which did not bleach out with age, the spots being large and diamond shaped. His ears were large and set wide apart on his head which gave him the appearance of being lop-eared.

Mr. Geo. Bridgham then of Poland Corner bought him in 1849—the horse then being called eight years old—of a gentleman named Wentworth Archibald, who brought him to that place and said that he bought him of a truckman in Bangor named Hathaway.

It seems that Mr. A. was a sickly man, and died shortly after disposing of the horse, and we have the impression that he lived at Poland Corner. Mr. Bridgham, whose letter lies before us, adds "he was always called a Messenger horse while I owned him, and I never heard it disputed." This latter statement, together with the endorse-

ment given by the public in general, that the Bridgham horse was "a Messenger," we are inclined to the absence of proof, to receive with considerable allowance. We regard the fact that he was called Young Indian Chief as significant. The gray stallion Indian Chief, brought to Maine from Canada, was a prominent stock horse in 1841 and '42, and it is possible that the Bridgham horse, or Young Indian Chief, was got by him and out of a Messenger dam.

Bridgham sold the horse to America Farrar, of Buckfield; finally repurchased him and kept him four years, after which he was owned by different parties; viz; Aretus Farrar, of Buckfield; Essec Fuller, of Turner; Nat. Mabury and others. He was well known in this vicinity as the horse that bit Essec Fuller, and will pass into history as the sire of the dam of Hopeful.

BITHER, EDWIN D.

Edwin D. Bither was born in Charleston, Me., August 7th, 1851, and as his hand was the first to guide a trotter in public in 2.10 we have thought it appropriate in a work like this to give him a prominent position. In 1871, when 20 years of age, young Bither went West and entered the employ of Mr. J. I. Case of Racine, Wis., where he has ever since remained. His preliminary lessons in training and driving were taken under the tuition of Foster S. Palmer, then of Bangor, Me., who brought out Gen. Knox. Since Bither has been in the employ of Mr. Case he has driven to a record Dom Pedro, 2.27, Edwin B., 2.27, Phallas, 2.13¾ and Jay-Eye-See, 2.10, the last two of which were entirely developed by him. We believe no other man living has brought out and driven to their records two such horses as the above. He is said by one who knows him well to be "a good conditioner, and handles his horses with rare good judgment. He has plenty of courage, without too much temper, and will live out a race and win, if his horse is equal to the emergency."

DRUMMER GIRL.

Most of our Maine readers will remember the roan mare Drummer Girl; a little mare under 15 hands high, a plucky, gamey mare with a rapid, drumming gait, which won her her name. She was an inbred Brandywine, being by a son of Cobb's Brandywine, dam by another son, and was bred by a Mr. Seavlin, of Minot, Me., and foaled in 1871. We first noticed her at Presumpscot Park, in Sept. 1882, when in Jerry Woodbury's hands she won third money in the 3.00 class. She had previously seen hard usage as a let horse in a Livery Stable at Norway, Me., where Will Shaw got her and sold her to W. W. Lydston of Lewiston. At the Maine State Fair at Lewiston, on the 28th of Sept. following, she won the race for Green Horses, winning the first heat in 2.41, the second in 2.40¼, and the fifth and race in 2.38½. Oct. 5th, following, at the Oxford County Fair, she won second money to Dandy J., winning the first heat in 2.41½ and the fourth in 2.36¼. In the early spring of 1883, she disappeared, together with her owner and groom, and we subseqoently learned that she was shipped to Pennsylvania, was clipped and June 27th, at Erie started in the 3.00 class. July 4th, at Youngstown, Ohio, as William Wallace's brown mare Lizzie D., by Royal Revenge, dam Lizzie, by Simpson's Blackbird; she won the 2.40 race, winning the second heat in 2.30½ and fourth and fifth in 2.37½ and 2.34. On the same day she won second money in the 3.00 race, being second in every heat in 2.37, 2.31½, 2.34. July 5th, at the same place, she won 2d money in the 2.45 class, winning the third heat in 2.34¼. July 11th, W. Wallace's brown mare Lizzie D., by Brandywine, at Bennington, Vt., won the 3.00 race in straight heats in 2.39¼, 2.40, 2.39¼. July 24th, at Hoosac Falls, N. Y., W. Wallace's brown mare Lizzie D., won the 2.35 race for a purse of $300 in four heats, winning the last three in 2.39¼, 2.35, 2.36¼. The next day at the same place she won the 3.00 race, purse $300, winning the

last three in five heats in 2.34, 2.39½, 2.38½. When the Maine Central Circuit for 1883, opened at Lewiston on the 8th of August, Drummer Girl appeared upon the scene, and starting in the 2.30 class she won third money. The next week at Norway, Oxford Co. Fair Grounds, she won second money in the 2.30 class, but did not win a heat at either place. Sept. 28th, at Erie, Pa., she started again again as Lizzie D., and won in slow time. After this she was traded to parties in Pennsylvania, for the brown gelding Little Jack, and at Erie, Pa., June 27th, 1884, under the management of W. D. Maybe, she started in the 2.30 class as Lizzie D. but did not win. The next day at the same place her old competitor at Norway, Me., in 1882, Dandy J., now Frank Hull, won the 2.37 race in straight heats. June 19th, previously she had started at Dunkirk, N. Y., winning third heat in 2.30¾ and was placed third in the race. July 2d, at St. Mary's Pa., Lizzie D., by Royal Revenge, (?) again won third money in the 2.30 class, winning one heat in slow time. After this Drummer Girl, *alias* Lizzie D., seems to have sought "fresh fields and pastures new" and we next find this outlaw of the turf, under the management of the James Bros., (how appropriate the name) on a ringing tour through Michigan with the new *alias* of roan mare Bessie G. July 23d, at Eaton Rapids, she won second money in the 3.00 race, and two days afterwards second money in the 2.50 race, each for a purse of $300, and the next week, July 28th, at Battle Creek, she repeated the performance. The next week, Aug. 5th and 7th, at Marshall, Mich., she repeated winning second money in the 3.00 and 2.50 races respectively. The next week at Jackson, she won third money in the 3.00 and 2.50 races, winning a heat in 2.41 in one race, and a heat in 2.33½ with equal ease in the other.

We believe this closes her career up to date, although she has started in other races. Of course the name of Maybe was ficticious as well as that of the mare, and up-

on being asked why he adopted it, her owner replied, "Because *may be* I shall get caught." The James Bros. was another *alias*.

James Dustin,

DUSTIN, JAMES A.

The subject of this sketch was born in Winslow, Me., and like Edwin D. Bither first worked under the direction of Foster S. Palmer, then in charge of the stables of Col. T. S. Lang of Vassalboro, in the palmy days of Gen. Knox. Unlike Bither Mr. Dustin has trained and driven for the public, and has a large and varied experience with with trotters, and the number of horses which he has driven some of them to their fastest records, it would be impossible to enumerate in a short sketch like this. Among them, however, are Frank Palmer, 2.19¼, Camors, 2.19¾, Deck Wright, 2.19¾, Charley Ford, 2.16, Darby, 2.16½, Monroe Chief, 2.18, Troubadour, 2.19½, and many others. During the past year the stallion Maxy Cobb, 2.13¼, the fastest stallion by the record, was for a time in his charge.

GEORGE O., 2.24¼.

Bay gelding with very slim tail, 15 hands high, foaled in 1876, bred by Otis & Parker, Belfast, Me.; got by Hambletonian Chief, dam by Gen. Knox. Hambletonion Chief by Middletown. George O. was sold when four years old to George O. Bailey of Belfast. Not long afterwards he ran away, no one being in the wagon and collided with a fence in such a way as to receive a deep puncture and cut in the breast, from which he nearly bled to death. For two years he was used but little. In 1883 he came out as a green horse and trotted nine races, winning eight, with a record of 2.31¼. In 1884 he was very successful, his crowning triumph being at Mystic Park, Boston, where he won a six heat race on Oct. 16th and 17th, winning the first heat in 2.30¾, the third in 2.26¼, when the race was postponed. On the 17th he won the deciding heat in 2.24¼ his fastest record. He met with an accident which caused his death before the season of 1885 opened, an account of which we copy from the Belfast *Journal*:

"At 6.30 Thursday morning, the 12th of March, Mr.

Bailey took Mr. Johnson into his sleigh with the intention of giving him a spin down Northport avenue. When on Church street the horse shied a little and the sleigh running upon the high bank beside the street, both men were thrown out. The horse attempted to turn up Grove street, but broke through the iron fence at the residence of Capt. Joseph S. Thombs. The animal, now thoroughly frightened, went out over the fence again and down Northport avenue where he was stopped and brought home. The horse seemed to be uninjured save a small cut upon the inside of the right hind leg. Seven days after the accident Mr. Bailey telegraphed to George H. Bailey, veterinary surgeon at Portland, who came to Belfast, and on examining the wound discovered a piece of the iron fence firmly embedded in the bone, about five inches below the stifle joint. Dr. Bailey was unable to remove the iron and sent for Dr. Wood of Lowell, Mass., and on Monday evening last both surgeons arrived with instruments and worked unsuccessfully until midnight. Tuesday forenoon the horse was etherized and cast, and with the assistance of Drs. Johnson and Lombard and Chas. Baker, the iron was removed. The piece was the point of an iron picket two and a quarter inches long, about half an inch thick at the base, and was imbedded two inches in the bone. Dr. Johnson cut away a portion of the bone before the iron could be removed.

GILBRETH KNOX, 2.26¾.

(146)

Black horse 15¾ hands high, foaled in 1862, bred by Samuel Guild of Augusta; got by Gen. Knox, dam the Cahill mare so called, brought from the West, and pedigree unknown. Guild sold him when about a year old to J. H. Gilbreth, of Kendall's Mills, Me. After Mr. Gilbreth's death he was sold to Mr. A. Wentworth of Boston, for $17,000. At Narragansett Park, Oct. 7th. 1869,

in a race for horses that never beat 2.31, there were ten entries. Twang won the first heat in 2.28½ and Gilbreth Knox the second in 2.26¾, and the third in 2.29½. As they were coming down for the word in the third heat, Gilbreth Knox's driver drove too near the pole and was thrown out of his sulky. He hung to the reins after he was overboard, but Knox was a little frightened and was finally let go, trotting half way around the course alone, when he held up and was captured. Another vehicle was furnished and they got the word. The fourth heat was won by Twang, the fifth by Topsey, and the sixth lay between Twang, Topsey and Knox, all the rest who had not won a heat being out. Gilbreth Knox was thought by many to be the fastest of the three, but he was distanced, and the heat and race won by Twang. Died in 1874. Sire of Capitola, 2.22½, Charles R., 2.27, Gilbreth Maid, 2.25½, Hambletonian Knox, 2.28, and Lothair, 2.29½.

At Boston, Mystic Park, July 20, 1886, Helen Wilkes won the 2.30 class in straights heats in 2.25¼, 2.25¼, 2.27. Two days afterward she won the 2.32 race in straights heats in 2.27¼, 2.26½, 2.29.

HONEST HARRY, 2.22¼.

Roan gelding about 15 hands high, foaled in 1869, the property of a Mr. Wood of Winthrop, Me., who bred him. got by Winthrop Morrill, and his dam was a small gray mare said to be a Messenger. This reminds us of a story which we have heard concerning the mare the time she was taken up to be served by Winthrop Morrill, for the truth of which, however, we cannot vouch. The mare had been at work all the afternoon raking hay, after which she had, while wet with perspiration been turned into the pasture to get her supper. Here she rolled in the dirt until the appearance she presented can be better imagined than described. In this plight she was taken up to the horse. Several Boston horsemen were present, who joined in making derisive remarks at the expense of the mare, but which were silenced by Mr. Chas. Jackson, the owner of Winthrop Morrill, who was then living, who remarked in his characteristic way, "Gentlemen, if this mare produces a colt, don't you forget that it will be a good one." Honest Harry was the result of this union. In April, 1875, he was purchased by Mr. T. B. Williams of Boston, and J. G. Rounds of Lynn, Mass. At Mystic Boston, Honest Harry won the 2.25 race, fastest heat 2.28. At the Fall Meeting of the Charter Oak Park, Hartford, Conn., Oct. 28th, 1877, Honest Harry won a second heat in 2.22½ and the third in 2.25. He has to his credit 50 heats in 2.30 and better.

HOPEFUL, 2.14¾.

Foremost among the noted animals who first saw the

light within the limits of the Pine Tree State appears the name of Hopeful. He is a gray gelding 15 hands high, foaled in 1866, on the farm of Eli Whitcomb, No. Dixmont, Me., the property of B. D. Whitcomb of Boston; got by Godfrey's Patchen, dam a gray mare bred by Gideon Fletcher of Buckfield, Me., got by the Bridgham Horse, 2d dam by Whalebone, son of Sherman, 3d dam by Winthrop Messenger. Aug. 25th, 1873, he made his first appearance in public, in a race for horses which had never started for money, winning the first and second heats in 2.49½ and 2.45½, after which he was drawn. He ended the season, however, with a record of 2.25. Hopeful was afterwards sold to Dunn Walton of New York, and Aug. 5th, 1875, at Poughkeepsie, he won in 2.22¾, 2.28, 2.28. Aug. 31st, at Charter Oak Park, Hartford, he won again in 2.18¼, 2.22½, 2.19, 2 20¼, 2.23½, losing the second and third heats. The week following, Sept. 3d, at the same place, Hopeful beat American Girl in straight heats in 2.17¼, 2.18¼, 2.18¼. In 1878 Hopeful was very successful. After trotting with indifferent success through the early part of the season, he entered the Grand Circuit at Cleveland, in the free-for-all. The following account of the race at Cleveland, we take from the *Turf, Field & Farm*: "The open-to all race was one of the most remarkable contests ever seen in the world. Hopeful did not have many friends for the reason that he had performed badly at Toledo, and then it was known that he is an uncertain horse. Mr. Richmond had insisted that Dan Mace should drive him, and the knowledge of this fact induced a few to back him at the rate of ten dollars against one hundred. The starters were Hopeful, Proteine, Cozette and Nettie. Proteine was all the rage. On coming to the wire for the third time the word was given. Hopeful got away level, and he led Great Eastern around the turn by a length. Proteine was fourth at the quarter, Cozette last and in the air. Along the backstretch, the daughter of Blackwood

trotted very fast, and at the third quarter she was on even terms with Great Eastern. She said good-bye to the son Walkill Chief down the home-stretch, and was beaten under the wire by Hopeful by a neck in 2.17¼. The wonderful speed shown by Proteine made her the favorite at odds against the field. Even Mace was not confident at this time that he could win with the gray. There were twelve scores for the second heat, Hopeful principally being the cause of them. When the word was given Nettie was behind. Proteine and Great Eastern left their feet in going around the first turn, but both quickly caught. Hopeful was on his good behavior, and the speed of the whirlwind was in his limbs. He went to the half in 1.06¾, Proteine second, Great Eastern third. Along the back-stretch Proteine trotted a quarter in 31¾ seconds, as timed by Mr. Baker, and she lapped Hopeful at the three-quarter pole. Both she and Great Eastern left their feet down the home-stretch. Dan Mace, like the master that he is, kept Hopeful at work, and he went under the wire half a length ahead of Proteine in the wonderful time of 2.15¾. The cheering was tremendous, and the faces of Messrs. Richmond and Gillender were wreathed in smiles. Hopeful was now a great favorite. He got away well in the third heat, and was never headed, going to the half in 1.07, to the three-quarter pole in 1.41, and coming home in 2.15½. Proteine finished three lengths behind him, Nettie third. Hopeful could have trotted the heat in 2.15, or possibly 2.14¾. Although Proteine suffered defeat, it was her privilege to show her heels to what was thought to be the most dangerous horse of the race—Great Eastern. She did not disappoint her friends. Hopeful simply proved to be a better horse than the majority of people had given him credit for." At Buffalo he beat Great Eastern, Nettie and Cozette in three heats. Time 2.18½, 2.18, 2.18. At Rochester he treated his opponents the same way, winning in 2.24, 2.20½, 2.20. At Utica he again defeated

Proteine and Great Eastern in 2.16¾, 2.16¾, 2.17½. At Hartford he was again victorious over Great Eastern in 2.22½, 2.18¼, 2.20½. At the close of the Grand Circuit the *Spirit of the Times* spoke of Hopeful in the following words, "Hopeful enjoys the distinction of being the only horse that has ever won every free-for-all race in one season during the Grand Circuit. He is a trotter this year every inch of him." After the close of the Grand Circuit he was taken West and entered in the Great Western Circuit. At Minneapolis he trotted against time, and won in the second trial, 2.17¾, 2.14¾, which is his fastest record. At St. Louis he trotted against Rarus' time, and won, the time being 2.15¾, 2.15, 2.15½. At Chicago he defeated Rarus to wagon, Great Eastern to saddle, in 2.17½, 2.17, 2.16. Two days after he beat the best recorded time to wagon, three seconds, trotting it in 2.16½, 2.17, 2.17. Hopeful closed the season of 1878 with the third best record to harness, 2.14¾, and the best record to wagon, 2.16½.

HUDSON, 2.29.

Bay gelding, foaled in 1873, bred by Elijah Brimmer, Clinton, Me.; got by Gen. Lee, (see page 118) son of Black Sultan. Dam, pedigree untraced. Sold to A. W. Brackett, Pittsfield, Me., and by him to parties in Massachusetts. Record 2.29 at Providence, R. I., June 2, 1882. Afterwards called Pomp, and Ed. Bonness.

INDEPENDENCE, 2.28.

Chestnut gelding, 15½ hand high, foaled about 1832, bred by Captain Joshua Wing, of Winthrop; got by Conqueror, a horse brought from Massachusetts, pedigree unknown, dam by Old Winthrop Messenger. Wing sold him, when six years old, to Oliver Walton, of Boston. In 1839, Nov. 15, he trotted a race, mile heats three in five, against Lady Suffolk, beating her in 2.45½, 2.45, 2.47. He trotted the same race, the next day, against Lady Suffolk, beating her again. Mr. Woodruff says, "Independence was a good

horse. He had not great speed then, but he afterwards got to be very fast." In 1843, on the 4th of July, he trotted a race, mile heats, under saddle, against Lady Suffolk and Beppo, on the old Beacon Course. Lady Suffolk won the first heat in 2.28½, the second was a dead heat between her and Beppo, in 2.28, the third heat Independence won in 2.28.

INDEPENDENCE, 2.21¼.

(2019)

Gray horse, foaled July 4, 1871, bred by Frank Taylor, So. Vassalboro, Me.; got by Gen. Knox, dam Skip, (dam of Glenarm 2.23¾) by Gideon. 2d dam by Young Indian Chief. Taylor sold him to W. E. Potter of Augusta, when four months old. In the spring of 1879 Potter sold him to A. S. & E. Odell, for $7,500, and they sold him the same season to Mr. Rockafeller, of the Standard Oil Company. The career of Independence has been very limited on the turf. At Bath, Me., Aug. 21, 1878, he won a race in straight heats in 2.38½, 2.38¼, 2.36, the next day at the same place he won again in 2.35, 2.36¾, 2.39½. Sept. 23, 1881, at Morrisania, N. Y., he won a race in straight heats in 2.23½, 2.24½, 2.26¼. Oct. 6, at same place he won again in 2.21¼, 2.27, 2.25½. He has trotted a public trial to harness in 2.18, and double with Cleora in 2.16.

IOLANTHE, 2.30.

Bay mare. For full description see page 136. Record 2.30 at Brookside Park, Albion, Me., Oct. 2d, 1886, in the third heat of the free-for-all race.

IRON AGE, 2.19¼.

Roan gelding 16 hands high, foaled in 1871, bred by John M. Littlefield, then of Abbott, Me.; got by Jules Jurgensen, son of Gen. Knox, dam a pacing mare said to be by a son of the Drew Horse. Sold when three years old to J. M. Curtis, Foxcroft, and by him to Cuneo &

Derby, Boston, Mass. At Plainville, Conn., Aug. 28th, 1878, Iron Age won the 2.31 race after a severe contest of seven heats, winning the second heat in 2.30, the third in 2.32, and the seventh and race in 2.29. Sept. 3d, following, he won the first heat in the 2.27 class in 2.26, the second in 2.26¼, and made a dead heat with Hambrino in the third in 2.26, and was second in the race. It was the opinion of many that this heat should have been given to Iron Age, and the race ended then and there. At Mystic Park, Boston, June 15th and 16th, 1880, he won a race of nine heats in 2.25¼, 2.25¾, 2.27½, 2.26½, 2.26, 2.28, 2.23½, 2.28¼, 2.28, reducing his record to 2.23½. At Providence, R. I., Sept. 10th, 1884, Iron Age won the first heat in the 2.23 class in 2.19¼ and was second in the race.

JACK SPRATT, 2.26¾.

Brown gelding with two white ankles behind, foaled in June, 1875, bred by Gilbert Fowler, then of Portland, Me.; got by Tom Patchen, dam a small mare supposed to be a Morgan. Sold to W. H. Snell, Portland, Me. Jack Spratt was very successful in Maine during the season of 1883 and 1884, dropping into the 2.30 list at the Oxford County Fair, by winning the free-for-all in 2.35½, 2.34¾, 2.29¼. July 23d, 1885, at Lowell, Mass., he won in straight heats, time 2.28½, 2.28¼, 2.30. At Manchester, N. H., Lewiston, Me., and Rochester, he won without reducing his record. At Brockton, Mass., Oct. 9th, he won again in straight heats in 2.28, 2.26¾, 2.27¼.

JENNY W., 2.30.

Brown mare foaled in 1871, bred by Ireson Briggs of Parkman, Me.; got by Brown Harry, dam said to be a Black Hawk. Sold to C. O. Palmer, Dover, Me., and by him to C. S. Clark, Salem, Mass. Record 2.30 at Boston, Oct. 14th, 1880.

J. G. BLAINE, 2.28¾.

Black gelding without white, foaled in 1866, bred by

James Blanchard, Pittston, Me.; got by Messenger Hunter, dam the Major Lally mare, by the Dr. Call horse, he by imported Cannon Ball, 2d dam by Sherman Morgan. Sold when four years old to a Mr. Nickerson of Pittston, and by him when five to Hiram Reed, Augusta, Me. Reed sold him to Wright and Norcross, and they to David Nevins, Jr., of Framingham, Mass. At Prospect Park, June 3d, 1875, he won the 2.40 race in seven heats, winning the first in 2.28¾, the third in 2.29¾ and the seventh in 2.30¾. At Mystic Park, Boston, May 23d, during the finish of the second heat of the 2.27 class, he fell and ruptured a blood vessel causing almost instant death.

J. G. MORRILL, 2.29.

Chestnut gelding 15½ hands high, both near ankles white, a white stocking on the off hind leg extending up to the hock, and a narrow white stripe in the face, foaled in 1872, bred by John F. Young, Winthrop, Me.; got by Winthrop Morrill, dam by Old Eaton. He gained considerable notoriety in 1875 by winning the three-year-old race at the State Fair at Portland, which he won in two heats in 2.50, 2.58. In 1877 he was added to the list of geldings and sold to T. B. Williams of Boston. In 1878 he trotted several races, gradually lowering his record, until Aug. 28th, at Plainville, Conn , he won the 2.35 race in four heats, winning the last three in 2.30, 2.30, 2.31. Oct. 4th, at Point Breeze Park, Philadelphia, he won the fourth heat in the 2.30 race in 2.29, and was second in the race. He was afterwerds purchased by Col. A. L. Snowden, of Philadelphia, and driven on the road.

JOE S. (PACER), 2.20¼.

Black gelding 15½ hands high, foaled June 26th, 1876, bred by the Smith Bros., St. Albans, Me.; got by Nimble Dan, by Skinner's Knox, dam said to be of Black Hawk and Messenger descent. The Smith Bros. moved to Low-

ell, Mass., taking the colt along with them, and here he became the property of Mr. Frank J. Sherwood. Joe S. was trained lightly in 1884, and July 11th, at Mystic Park he won the third and fourth heats in the 2.28 pacing race in 2.26¼, 2.27½. In 1885, June 11th, at Charter Oak Park, Hartford, he won in 2.23½, 2.25¾, 2.27¼. At Providence, June 30th, he won the last three out of five heats, in 2.22¾, 2.25, 2.31. He made his fastest record 2.20¼, June 18th, 1885.

JOHN S. HEALD, 2.27¼.

Brown gelding with star and one white hind foot, foaled in 1868, bred by John Libby, Gardiner, Me.; got by Whalebone Knox, dam Cooney, (dam of Tinnie B., 2.27¼), by the Stewart Horse. Sold when three years old to Lon Morris of Boston. At Suffolk Park, Philadelphia, June 30th, 1876, John S. Heald won a race in 2.28½, 2.30, 2.30, 2.32½, losing the third heat to Banquo. His fastest record 2.27¼, was made at Philadelphia, June 15th, 1876.

JOHN VIRGIN, 2.29.

Chestnut gelding got by Dirigo. His breeder and pedigree of dam are unknown to us, although he was bred in this State. June 24th, 1875, at Boston, Mass., he won the 2.40 race in three straight heats, in 2.29, 2.30¾, 2.34.

JUDGMENT, 2.29.

Black gelding foaled about 1870, bred by Mrs. Mary Stuart, East Hiram, Me.; got by Black Milo, son of Cornish Morrill, sometimes called Johnny Morrill, dam a small chestnut mare said to be by a horse called Morgan Rattler. Judgment went into the hands of Mr. Goldsmith of New York. In 1879 he achieved a record of 2.30, and in 1880, June 16th, at Boston, in a race for the 2.30 class he won the second heat in 2.29, which is his fastest record up to date.

KING WILLIAM, 2.35 (TO WAGON). (1575).

About a dozen years ago there was a horse well known in Maine as King William. He was owned by J. W. McDuffee of Lewiston, Me., and was perhaps the best advertised and the worst managed horse the State ever produced. He was by Hampton, 201, and his dam was said to be by Witherell. A painstaking friend, however, has traced his pedigree carefully and for the truth of history we publish the result of his researches here King William was foaled in 1866, and bred by Col. Golder of Phipsburg, Me. He was a handsome horse 15¾ hands high, of commanding appearance, a nice bay in color, and with proper management ought to have had a record low down in the twenties, whereas he made himself and his sire standard by a single heat in 2.35 to wagon, in a race over the Lewiston, Me., half-mile track. The first dam of King William was known as the Stinson mare, and was got by the Blinn horse of Dresden, Me., which horse was said to be a son of Sir Charles, by Sherman Morgan, 2d dam the Hinton mare by a horse called Harmony, breeding untraced; 3d dam the Webb mare owned by Samuel Reed 2d, of Woolwich, Me.; 4th dam Cotter mare owned by Gould Hathorn of Woolwich; 5th dam a pacer known as the Lightning mare owned by Nathan Webb also of Woolwich, who bred her. She was foaled about 1810. King William became notorious if not famous, through his many contests with the black stallion Phil Sheridan, by Gen. Knox, in which he was generally vanquished in slow time, although he proved the victor in at least one race which we well remember, over the old track at Mechanic Falls. He was at Boston one season, and obtained a record of 2.31¼ at Mystic Park, in June 1884. We started, however, to tell about his famous tour as a ringer through the Western and Middle State, to which we are impelled by the fact that Mr. Wallace in his Trotting Register, and Ches-

ter, in his Complete Pacing and Trotting Record, make his performances as those of two distinct and seperate horses. In the spring of 1875 King William disappeared from Lewiston, Me., and May 5th, at Washington, D. C., the bay horse Anglo Saxon, entered by J. L. Mead, won a purse of $500 for horses that had never beaten 3.00, in straight heats, fastest 2.41½. May 7th he won a purse of $500 for horses that had never beaten 2.40, at the same place, fastest heat 2.38, and May 11th he won another 2.40 race for a purse of $500 at the same place after losing the first and second heats. Best record 2.37. A relative of the editor of this work, who had seen the horse in his box stall at Lewiston for a few moments, witnessed some of these races, and while he recognized the horse as one he had seen before, he failed to place him. June 18th at Parkersburg, West Virginia, J. L. Mead's Anglo Saxon, won the 2.33 race for a purse of $350, fastest heat 2.39¾. June 23d, at Parker City, Pa., J. L. Mead's Anglo Saxon won the 2.35 race for a purse of $800, fastest heat 2.36¼. July 1st, at Sharon, Pa., Anglo Saxon won a six heat race for a purse of $600, his fastest heat being 2.36. July 2d, at same place, he was second in the 2.35 race for a purse of $400. July 5th, at Greenville, Pa., he won the 2.34 race for a purse of $400. July 14th, at Toledo, Ohio, Anglo Saxon won second money in the 2.35 race, winning the second heat in 2.38¼. July 21st, at Chicago, Ills., J. L. Mead's bay horse Anglo Saxon, won second money in the 2.34 class, purse $1,500, winning the second heat in 2.31¾. At Cleveland, Ohio, July 29th, Anglo Saxon started in the 2.31 class, purse $2,500, and was ruled out for not winning a heat in five. The race was won by Lewinski, fastest time 2.26¼. Early in August King William reappeared on his old stamping ground in Maine, and trotted several races during the fall under his proper name. In the Fall of 1876, King William was taken down into the Provinces and died Sept., 1883, at Bathurst, Gloucester Co., N. B.

KITTY MORRIS, 2.30.

Bay mare with black points and no white, 15 hands high, foaled in June, 1872, bred by a Mr. Douglass, E. Hiram, Me.; got by Lon Morris son of Gen. Knox. Dam a mare brought from Boston, pedigree unknown. Sold to W. B. Nutter, Cape Elizabeth Depot, Me. Sept. 12, 1879, at Mystic Park, Boston, she won two heats in a race in 2.30½, 2.30. Shortly after she was sold to G. W. Rogers, Salem, Mass.

KNOX BOY, 2.23½.
(840).

Brown horse 15¼ hands high, foaled in 1868, bred by Isaac Carr, Farmingdale, Me.; got by Gen. Knox, dam has been said to be by Lewiston Boy, but after a careful investigation of the matter we feel satisfied that this is not true, and that her pedigree is unknown. As a four year old Knox Boy won a race at Bangor, Me., and a record of 2.45. Oct. 25th, 1877, at Topsham, Me., he won a stallion race in three heats in 2.32½, 2.32, 2.30. July 26th, 1879, at Keene, N. H., he won the 2.26 race after losing the first heat in 2.30¼. Time 2.27, 2.32½, 2.31. June 9th, 1880, at Beacon Park, Boston, he won in straight heats in 2.26½, 2.26¼, 2.29½. June 17th, at Mystic, he won again in 2.25, 2.28, 2.30½ His fastest record 2.23½, was made at Boston, June 16th, 1880. He was afterwards sold to H. F. Hawkes, Swampscot, Mass., gelded and driven on the road.

LADY MAUD, 2.18¼.

Dark brown mare, 15½ hands high, foaled June 15, 1867, bred by Col. Thos. S. Lang, Vassalboro, Me.; got by Gen. Knox, dam Mocking Bird, a fast trotting mare brought from New York by Abner Barrows, by Sabek, son of Logan, by Henry Clay. Lady Maud was sold during Col. Langs absence in Europe, and Aug. 8, 1872, at Buffalo, N. Y., she won a five-year-old race in 2.29½, 2.29¾, 2.27¼.

Oct. 10th following at Prospect Park, N. Y., she won again in 2.30½, 2.22¾, 2.22¼, losing the second heat. This was the fastest time ever made for that age, up to that time. In 1873 and 74 she was not in training, but in 1875 she again appeared, and July 5th she trotted a race against American Girl and Judge Fullerton at Detroit, Mich. winning the first heat in 2.20. Aug. 11, at Rochester, N. Y., she defeated Judge Fullerton and Nettie in straight heats in 2.18¼, 2.19½, 2.18¾.

LICENSE, 2.26½.

Chestnut gelding with star in forehead, 15¼ hands high, foaled in 1859. He was taken to Massachusetts from Maine with some army horses, by a Mr. Savage, and nothing is known of his pedigree. He was placed in the Massachusetts stable, but was rejected as unfit for the army, on account of his age, as he was found to be but four years old He afterwards got into horsemens hands, and was first brought out by E. L. Norcross, from whom we obtained the above information. Oct. 18th, 1867, he beat Col. Maynard and Shepard Knapp Jr., in 2.28, 2.28¼, 2.31. Nov. 12th, he beat Shepard Knapp Jr., again in straight heats, time 2.33¼, 2.30¼, 2.31¼. All the above races took place at Boston. Sept. 22d, 1870, at Fleetwood Park, New York, he beat Chas. E. Leow, J. J. Bradley and Confidence, License winning the first heat in 2.26½, the fifth in 2.28 and the sixth in 2.29.

LITTLE FRED, 2.26¾.

Bay gelding with black points, 15 hands high, foaled in 1860, in Swanville, Me.; got by Dirigo, dam an English mare brought from Prince Edward's Island. He was formerly owned by Chas. Webb, of Thorndike, who sold him when five years old to Hugh Ross for $300 and he shortly after to Josiah Hight of Athens. Hight sold him to Fred Dore of Skowhegan, who the next spring sold half of him to John Judkins of Waterville, for $600, and after-

wards the other half for $1,200. While owned in this State he trotted several races. In July, 1867, at Lewiston, Me., he won a race in three straight heats beating Gladiator, time 2.33, 2.31¼, 2.30. His last and fastest performance was at the Prospect Park Fair Grounds, Brooklyn, May 29th, 1869, where he won a race in straight heats beating Needle Gun, Jessie Wales, Belle of Brooklyn, Old Put, and Lady Whitman. Time, 2.29, 2.28½, 2.26¾. While trotting this race he struck or ruptured a tendon, and while under treatment a seton was applied that resulted in lockjaw, of which he died.

LOOKOUT, 2.28½.

Bay gelding with star and near hind foot white, foaled May 26th, 1873, bred by H. A. Archer then of Fairfield Centre, Me., now of Skowhegan; got by Gen. Lightfoot, son of Gen. Knox, dam Shoo Fly, by Rising Sun. He was kept a stallion for several years and as such received first premium as a three-year-old colt at the Maine State Fair of 1876, at Portland. Afterwards taken to Massachusetts and owned for a time by Col. H. S. Russell of Milton. Was gelded and driven on the road for several years. At Mystic Park, Boston, Oct. 12th, 1886, he won the 2.50 race in straight heats, time 2.31¼, 2.30¼, 2.33. Oct. 15th following he won the 2.35 class in straight heats, in a field of ten starters, time 2.28½, 2.32¼, 2.32½.

LOTHAIR, 2.29½.
(579).

Black horse 15¾ hands high, foaled in 1867, bred by the late J. H. Gilbreth, Fairfield, Me.; got by Gilbreth Knox, dam the Bunker mare by Old Eaton. Gilbreth called him Knox-them-all, and as a three-year-old he gained considerable notority for his race at Prospect Park, L. I., against Startle. Afterwards sold to Wright & Norcross, Fearnaught Farm. At Beacon Park, June 23d, 1875, he won the 2.31 race of seven heats in 2.29½, 2.35, 2.35½. July 1st

following, he was entered in a race at Mystic Park, previous to which he was dosed in a cowardly and rascally manner, which almost resulted in his death. His throat and mouth became greatly inflamed and he was unable for a time to swallow. It was thought Croton Oil did the work. Afterwards taken to Michigan where he died the property of W. R. Nims of Lexington.

LEW PETTEE, 2.29.

Dark bay gelding nearly 16 hands high, with great length, great bone and immense muscular development. He had a steep rump, like Mr. Bonner's Auburn horse, and resembled that horse in other particulars, foaled in 1860, bred by Wentworth Thurston, Madison, Me.; got by the Benson horse, he by Crawford, dam of Messenger descent. John Swan of Anson, took him to New York, in 1866, and sold him to Mr. William Turnbull. Oct. 31st, 1866, at the Union Course, L. I., in a race for a purse of $2,000, two miles and repeat, he distanced Bull Run in the first heat in 5.08¼. June 29th, 1868, at the Fashion, he beat Dixie, winning the third, fourth and fifth heats and race in 2.29, 2.32, 2.34. July 10th, at the same place he beat Tackey, in 2.30¾, 2.33¼, 2.30¼. July 16th, he beat Old Put and Cora, at Narragansett, fastest heat 2.31. Purchased in 1872 by F. D. Norris, Brooklyn, N. Y.

MAC, 2.27.

In the good old times when the sport of trotting was in its infancy, Maine contributed her share to the trotting stock of the country. Fanny Pullen, Daniel D. Tompkins, Tom Benton, Zac Taylor, Mac, Lafayette and Pelham, were names as familiar to the sport loving people of those days, as is that of Maud S. and Jay-eye-see, to those of the present. One of the most famous of the old time trotters, was the subject of this sketch. Mac was a brown gelding standing 15½ hands high, foaled in 1843, the property of Thomas Record, Canton, Me., who sold him when a weanling to Mr. Thomas Harlow, of the same town.

Mr. Harlow kept him a stallion until the fall after he was three years old, during which time he sired about fifteen colts. Mr Harlow then had him gelded and in December, 1846, sold him to Ambrose Merrill of Hallowell, for $95. Mr. Merrill sold him to Benjamin Hodges of the same place for $300, and Hodges to Oliver Walton of Boston, who sold him to Harry Jones of New York, and he to John McArdle of Albany, who named him and owned him all through his trotting career. His contests with such horses as Flora Temple, Lady Suffolk, Lady Moscow, Tacony, Jack Rossiter and others, made him one of the most celebrated horses of his day. It is not so very long ago that he flourished, his races having been trotted between the years 1848 and 1854, but so great has been the progress of the trotting turf since then, that Mac fairly ranks among the old-time trotters. His sire was a horse called Morgan Cæsar, but better known in Maine under the name of Morgan Post Boy, whose sire was Woodbury Morgan, and whose dam was by Quicksilver, while his grandam was by Traveller. The dam of Mac was by Bush Messenger. The first race in which Mac became prominent, was trotted Nov. 1st, 1848, at Albany, against Jenny Lind, the mare winning the first and third heats, and Mac taking the second and fourth in 2.38, 2.42, and after the latter Jenny Lind was drawn. A record of 2.38 was fast in those days, and it was not long before Mac was pitted against the speediest horses of the country. On the 16th of May, 1849, we find him in a race against those old flyers, Lady Moscow and Jack Rossiter, two-mile heats under saddle, which he won taking the second and fourth heats, the fastest in 5.10, a rate of 2.35. On the 5th, 6th, and 7th of June, 1848, we find him engaged in three races, at Providence with the most noted flyer of her day, Lady Suffolk. In the first of these he was victorious, taking three heats in 2.29½, 2.32, 2.31; but the old gray mare defeated him in both the other races, leaving him behind the

flag each time, though the time was slower than he had marked to his own credit. He subsequently met Lady Suffolk on four different occasions, and beat her every time, besides defeating, in her company, Gray Eagle, Trouble, Jack Rossiter and Boston Girl. In a race with Lady Suffolk at Boston, June 14th, 1849, he trotted a heat in 2.27, which he was afterwards able to equal, but never to surpass. In this race Lady Suffolk trotted a heat in 2.26, the fastest time made at that date.

MADAWASKA MAID, 2.29½.
